

PRESS RELEASE

CORRUPTION INVESTIGATION: CVA FULLY COOPERATING WITH THE JUDICIAL AUTHORITIES

Châtillon, October, 2nd 2026

CVA has learned of the developments that have emerged in recent hours and of the actions taken by the judicial authorities.

The Company, with full respect for the work of the judiciary and for the individuals involved, hereby confirms its full willingness to cooperate with the judicial authorities in all matters falling within its remit.

CVA will await further developments and the outcome of the ongoing investigations and, in light of the findings, will consider any action it may deem appropriate to protect the interests of the Company and the Group.

At this stage, CVA will not make any further statements.

The CVA Group, headquartered in the Aosta Valley and with plants throughout Italy, was established in 2000. It is the only Italian operator fully integrated across the pure green energy value chain and also operates in the energy efficiency sector. Its current generation portfolio comprises over 1,200 MW of total installed capacity from hydroelectric, wind and photovoltaic plants, with average annual production of approximately 3 billion kWh from renewable sources.
